EXPERIENCE

Aevum Capital

Atlanta, Georgia

Global Fixed Income Intern

Jun 2026 — Aug 2026

- Built models measuring how much bond prices move when rates shift 100bps, comparing investment grade and high yield spreads against Treasuries to identify where investors were paid best for taking on credit risk
- Analyzed how prepayment behavior affects mortgage-backed securities and how asset-backed deals are structured by seniority; built structured portfolios that diversify risk and tracked how Federal Reserve policies and economic data move yields across the curve

United Capital Financial Advisors

Boca Raton, Florida

Investment Advisory Intern

May 2026 — Jun 2026

- Evaluated infrastructure municipal bonds across general obligation and revenue issues, assessing issuer credit quality and whether project cash flows covered debt service, to support fixed income allocation for a \$24 billion assets under management portfolio
- Compared municipal bonds against taxable corporate bonds on an after-tax basis across different tax brackets, and tracked interest rate and credit conditions to inform client portfolio positioning

Florida State University Student Investment Fund

Tallahassee, Florida

Analyst

Feb 2026 — May 2026

- Selected as one of the undergraduate analysts for FSU's \$11.5M student-managed investment fund, conducting fundamental equity research and defending thesis recommendations to graduate portfolio managers before capital is committed
- Initiated BUY on Iridium Communications (IRDM) at \$34.65 with a \$39.09 price target, driven by a finished \$3B satellite buildout freeing \$300M of annual cash flow in differentiated and undervalued satellite orbits to peer competitors

Waterbrook Advisors

Boise, Idaho

Investment Banking Spring Analyst

Jan 2026 — Apr 2026

- Sourced and screened 120+ lower-middle-market acquisition targets (\$5–\$250M EV) across fragmented industrials and services verticals, building targeted buyer and strategic outreach lists and mapping key decision-makers to support active deal origination
- Supported deal execution across multiple active mandates by preparing industry and market analyses, maintaining diligence trackers, and delivering valuation support inputs to advance transactions from initial sourcing through diligence and close
